Red Cross Announces \$15,000,000 Campaign in Peace Activities

Will Teach Women of Nation Home Hygiene and Dietetics.

Following the announcement of the Third Red Cross Roll Call, to be held November 3 to 11, when the American people will be asked to renew their membership for 1920 and contribute \$15,000,000 for the future work of the organization, and outline of the peace-time program of the American Red Cross was given.

Foremost will be nation-wide activity for the protection of public health and hand-in-hand with this crusade will go a vigorous campaign for the extension of the country's nursing resources; the broadening of Red Cross Home Service that in the war proved so helpful through the assistance it was able to give to the families of soldiers and sailors, to be of general usefulness where other social agencies are lacking; greatly increased Junior Red Cross facilities for emergency disaster relief; completion of relief measures for the victims of the war in this country and overseas, and preparation to fulfill whatever duties may be laid upon it as the official volunteer relief society authorized to assist the Army and Navy.

The plan of the Red Cross public health campaign calls for co-operation with other existing health promotion and disease prevention organizations throughout the United States, acting by itself where no other health agency now exists, in an effort to reduce the high mortality due to preventable disease and to improve general health conditions.

Public health nursing will be one of the important features of this campaign. Red Cross public health nurses will be assigned to as many small communities as possible, thus extending to the rural population the bedside nursing, school inspection, classes in hygiene and home nursing and search for tuberculosis and other preventable disease that has been so effective in the cities and larger towns.

In this connection it is planned to offer to every woman in America instruction in home sanitation, hygiene, care of the sick and dietetics, thus providing first-hand knowledge of how to keep the family well and what to do where illness or accident cannot be avoided. These courses are now being introduced in the public schools and colleges and are offered department store employees, factory operatives, girl scouts, nursemaids and others, fitting them to help combat infant and child mortality, malnutrition, unsanitary living conditions, preventable diseases, and even epidemics in their own homes.

Completion of Red Cross work for the soldiers disabled in the fighting and general assistance to the fighting men in getting back to civil life is still far off, particularly in the many varied phases of Home Service. Thousands of families of service men are still being helped solve their problems by this Red Cross activity and money relief in this connection alone is in excess of \$500,000 a month.

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand, good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

TAKE IT IN TIME

Just as Scores of Ste. Genevieve People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ste. Genevieve citizens endorse them.

Mrs. Joseph King, Market St., W., Ste. Genevieve, says: "I had kidney complaint from childhood. I noticed that when I caught cold it disordered my kidneys and brought on attacks of backache. Often I could hardly stoop to tie my shoes. My kidney acted irregularly, too, and annoyed me a great deal. I read such good reports about Doan's Kidney Pills that I finally got some from Hinch & Douglas' Drug Store. I soon got relief and continued using them until cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. King had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Wants The Women's Names.

Secretary of State Sullivan is trying to get all the data for the Blue Book in this month, in order that it may be printed and ready for distribution the last of December. In this county the organization of the Democratic and Republican Women's Committees has not been perfected (or reported), and it is necessary, if the names are to appear in the Blue Book, that action be taken at once and report made to Secretary Sullivan.

Just What She Needed.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

HAS SOMETHING OF A JOB

Bill is Finding That Thinking Up an Explanation is by No Means an Easy Task.

Bill Dudley and eleven other pinochle players who are members of a progressive pinochle club left their South side homes to go to Beech Grove the other night. While at Fountain square waiting for the Beech Grove car Bill and Joe Beck got too far away from the car to catch it and the other ten went to Beech Grove. Then Bill got an idea and he and Beck stole home to where Bill's car rested—for his wife won't let him take it out after dark. They opened the garage door noiselessly, pushed the car out and down the street for a block and then stepped on the starter. They got to Beech Grove before the rest of the club did.

Bill and his friend Beck drove home after the club meeting and repeated the performance in getting the car back in the garage. Then he went into the house. Presently the crowd came along and yelled at Bill through the window. Of course, that entailed explanations on Bill's part to his wife as to how he got home first. The other members of the club say Bill has not yet been able to explain to his wife how he beat them home.—Indianapolis News.

Not Worth a Rooster.

Having lived next door to the home of a minister, I was often called in to witness a hasty wedding.

On one occasion the prospective bride and bridegroom arrived in a farm wagon. After the ceremony was duly performed the bridegroom asked to be excused just a moment, and on returning from his wagon he said: "Parson, I have no money to give you, but here is a nice young rooster for your Thanksgiving dinner, and I will bring you a turkey for Christmas."

On several occasions the minister saw the same man in town, who seemed to avoid him. One day on meeting him face to face he said: "Parson, I may as well tell you that I am not going to bring that turkey; I have found out she was not even worth the rooster I gave you."—Chicago Tribune.

Return of the Ox.

The ox as a beast of burden is coming into its own again in the farming communities of Maine and the oxing and apparatus used by blacksmiths in shoeing the animals, long ago thrown into the discard, is in use again. The sling consists of a rude frame of timber into which the animal is fastened by a pillory. Straps are then drawn under the body, the ends being made fast to upper timbers of the frame. In blacksmith shops 20 years ago the slings were common. Oxen are less expensive to feed than horses and are equally as useful on small farms and the rising value of feed is having much to do with the comeback of the ox as a work animal.

Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

Getting Acquainted With America.

The United States has been getting the greatest advertising during the last two years that any nation has ever received, and the results of this should be reaped in foreign trade, just as any merchant obtained custom from an advertising campaign.

Since the beginning of the war there has been a steady stream of foreign missions on tour in the United States, headed by men of prominence in their respective countries. They have visited the shipyards, the steel mills, the camps and the industrial cities, and they have seen the miles of fertile farm lands and gained a new conception of the vastness of America and its ability to put over big things on a big scale. A convention of the League of Nations in Washington will add still more to this world knowledge of America's resources. The chief thing now to be sought is the holding of the advantage gained.—Forbes Magazine.

Big Brother Movement.

The "Big Brother" movement was started in 1904, by Ernest K. Coulter, in New York city. Since that time the work has been taken up in over 100 cities. There is a staff of paid workers, supplemented by volunteers—lawyers, physicians, merchants, etc. The object is to obtain the cause of the boy's troubles—whether it be truancy, stealing, lying, running away from home, etc. Then with the co-operation of parents, through the medium of the "Big Brothers," an effort is made to build up within the boy a sense of honor and good citizenship. The headquarters are at 200 Fifth avenue, New York city.

Discharging a Cook.

One result of the bolshevist law that persons who are employed cannot be removed arbitrarily is instanced by the Bulletin Russe, published by the League for the Regeneration of Russia at Lausanne, Switzerland. It declares that at Smolensk a bachelor had a cook whom he wished to discharge. She refused to leave her place and he was unable to turn her out. On the advice of a bolshevist friend the bachelor married his cook and immediately afterward divorced her. As a divorced woman she was legally compelled to leave the premises.

Prevalency of Deafness.

The last census showed that there are in the United States 80,287 persons who are totally deaf. Dr. Wendell C. Phillips of New York told the Philadelphia College of Physicians recently that in New York city there are at least 100,000 persons more or less incapacitated as a result of partial deafness, and of these probably 80 per cent are of the working class.
